### EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.
2. Applicant's arguments filed 7/14/2004 with respect to the rejection of claims 1-28 have been fully considered and are persuasive. The final rejection of claims 1-28 has been withdrawn.
3. The following is an examiner's statement of reasons for allowance: None of the prior art in record taken alone or in combination discloses all the claimed limitations including a data processing method comprising running a first process in a first address space and a second process in a second process space, the first process including a request to send to the second process data having a data type; calling at runtime a type creation function to create a first type object describing the data type, the first type object having a set of associated functions for processing data, the set of associated functions including a marshalling function for encoding data and an unmarshalling function for decoding data; executing the marshalling function in the first process to generate encoded data, the marshalling function executed in the first process taking as input the data and the first type object; communicating the encoded data to the second process; and executing the unmarshalling function on the encoded data to decode the encoded data in the second process.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the
